Strawberry had thought her old self-proclaimed rival Pippi Possum was gone for good when she was transferred to a school of witchcraft and wizardry back in a strip everyone thought was non-canon. Well, now she's back with annoying magical powers and she's being mean to the students of Slushmore. She turned Josh into a box. It's kind of an improvement, honestly. Pippi has brought with her her "sexy boyfriend" Nigel. John thinks this name is stereotypical. Kyle disagrees.

The marquee palette is from Bayou Billy from the NES game of the same name. Thanks to [redacted] for suggesting it on our Facebook page.

Strawberry's longtime self-proclaimed rival Pippi Possum is back from her time as an exchange student abroad. She's returned with two new things: magical powers and a Nigel. It's a little hard to determine which is more annoying. Pippi has challenged Strawbs to a wizard's duel, and they're having one of those in Dead Grass Field, which I think might be behind the school. Pippi wields her Wand Named Fisha, which is unforgivable. Strawberry wields some Slim Jim-looking thing she prestidigitated from her newfound access to Froggyspace.

This week's marquee color palette is from Lolo from The Adventure of Lolo. Awesome game. Suggested by Derek Grinsteiner on the Frog Raccoon Strawberry Facebook page.

NOOOO!
NOTHIN' THAT CAN'T BE REVERSED, DEAR.
OH, NIGEL, NIGEL, NIGEL!
I JUST WANT TO LET YOU KNOW, I'VE DECIDED WE SHOULD DEVOTE THE REST OF OUR LIVES TO EACH OTHER BECAUSE YOUR HOTNESS IS SURE TO LAST FOREVER.
I FEEL THE SAME WAY FOR NO REASON.
I'M TURNIN' AWAY NOW BEFORE THE FACE-SUCKAGE RESTARTS.
FWOOSH!
WE DECIDED I HAVE A BETTER CHANCE IF WE TEAM UP AGAINST YOU, SINCE OUR LOVE IS SO TRUE AND STRONG AND JUNK.
BUT I ALREADY BEAT YOUR CHALLENGE! AND TWO TO ONE ISN'T FAIR!

I DIDN'T COME HERE TO BE FAIR.
I CAME HERE TO BEAT YOU.

MARGRET STORM

PREVIOUSLY ON FROG RACCOON STRAWBERRY

Having returned from studying abroad in a school of witchcraft and obvious references, Pippi (with her pet Wannabeasley, Nigel in tow) is having a duel with Strawberry. Or at least she was, but Strawbs won using her newfound Froggyspace powers. That didn't stop Pipperz from coming at Strawberry with a delightful bit of unfair two-to-one zappy. Didn't understand any of that? Good. Read the comic.

The color palette from this week's marquee are from Darkwing's sprite in Darkwing Duck for NES. Thanks to Justin Clark for suggesting it on the Frog Raccoon Strawberry Facebook page.

Old annoyance Pippi Possum has returned to Shushmore Academy after previously transferring to a school of witchcraft and wizardry. She now has magical learnin's and an ever-present beau named Nigel. She challenged Strawberry to a duel and quickly cheated. Lemonade showed up to even the odds and Strawbs gave her her very own Deus Ex Lemonfist. The did a neat-o double helperton attack! I like when they work together. I hope they keep doing that.

The color palette of today's marquee come from Kyle's new EP of chiptunes, Ate Bits! Check it out at TVsKyle.bandcamp.com ! It'll be up tonight after he leaves the stage at Marscon.

Horatio Porque has been Strawberry's manager for a while now. Where Frog Spirit is all about driving her to be the best Helperton she can be, Horatio is all about making her marketable. On one hand, Strawberry's star is rising, and Horatio's missions tend to be good for her. On the other hand, he's never met a cash cow he didn't whack with a piñiata stick.

Strawberry's shameless, cigar chomping manager, Horatio Porque (or Piggiepie Jones if you want to piss him off) has done it again: He's approved production of a Frog Raccoon Strawberry comic book without Strawberry Fields' permission! What you are seeing here is the contents of that comic book which Strawberry is reading for the first time.

The marquee color palette today comes from Bald Bull's sprite for Punch Out!! for NES.

Now if you'll excuse me, I need to go watch every Koichi Sakamoto movie ever. Twice.

Within the comic, so far, we've seen Strawberry dressed for what we can only assume from the title is the first day of school. Her unaccepting dad doesn't want her to wear the frog suit and Strawberry made up (meaning STOLE) a bunch of origin stories.

The marquee color palette today comes from one of the Cheetahmen from Action 52 which you can even play on Nintendo! Wow!

Rat Pfink a Boo Boo is a swell movie to ambush your friends with.

So, um, we at Sweet Whippoorwill Enterprises™ realize that this is going on for quite a while now. We understand, but we're committed to finishing the entire adaptation. There are two more installments coming up and then, finally, Strawberry's reaction. After that, the guys are planning two stories that are "game changers" in a way... Stay tuned.
